COURSE OF ACTION

Session on myths and taboos, giving answers also to special local myths.
Partly interactive, for men and women.

EDUCATIONAL
MATERIAL

Myth Book

Distributed to school libraries and teachers.

A powerful development by Radha Paudel Foundation (RPF) which supports the "masters" of Nepal Direct's MEP to find reasonable and founded answers to locally established myths.

**Overcoming
threatening practices**

Girls and women appreciate to receive answers to old threatening myths that are told by family members or "healers" who rely on myth-related knowledge and practices up to some local forms of exorcism. Due to the new discussion the attention is dragged from limiting practices towards menstrual education and hygiene awareness.
